

## General Safety

The company premises of Fährhafen Sassnitz GmbH are **not open to the public**.  
The German Road Traffic Regulations (StVO) apply on the company premises and in the entire port area, as well as the requirement **to drive on the right!**  
Industrial trucks and rail traffic always have priority.

Driving on the premises is **at your own risk**.  
Special care must be taken around cranes and helmets must be worn.  
Standing under suspended loads is **strictly prohibited**.

Life jackets must be worn if you are **less than 2 meters** from the quayside!  
It is mandatory to wear high-visibility clothing when leaving vehicles or buildings.  
There is a general prohibition on the **consumption of alcohol, drugs or other intoxicating substances**.

There is an absolute ban on **all types of weapons, firearms, cutting and thrusting weapons and other dangerous objects** on the entire company premises!  
Smoking, fire and naked flames are prohibited in the entire port area.

There is a **risk of slipping and tripping** in the entire port area. (Rail tracks, uneven surfaces, etc.).  
There is a risk of falling into the water when standing on the quayside.

A maximum **speed limit of 30 km/h** applies on the entire premises. Vehicles must drive at walking speed around buildings and on combined paths. Vehicles may only **be parked in designated parking areas**. Fährhafen Sassnitz GmbH reserves the right to have vehicles removed for a fee if they are parked contrary to instructions, obstruct terminal operations or pose any other risk.

**No photos or videos** may be taken within the port area. All types of misuse will be prosecuted. The **use of a multicopter** (drone) requires prior approval from FHS GmbH.

Every person must register before entering the ISPS area. **Access authorization** is granted on a personal basis only and cannot be transferred or extended. If persons are taken along in vehicles, **all individual occupants** are subject to the registration requirement.

Each vehicle must independently trigger the barrier opening at the ISPS terminal. **Driving in behind vehicles in front is an access violation** and will be prosecuted. Violations of the above regulations can and will result in a prohibition of entry!

## First aid, fire protection, escape and rescue routes

In the event of danger, please go to the **assembly point** in front of the buildings.  
In the event of an accident or injury, please speak to the nearest member of staff or call the **emergency services on 112**

The first aid facilities are located in buildings, among other places, and are marked with corresponding symbol boards.

Escape plans and instructions must be followed.  
Keep **traffic routes, escape and rescue routes** clear at all times.  
Do not block or obstruct any emergency exits.

## Safety Signs

Please observe the signs indicating hazards, prohibitions and instructions as well as rescue facilities:

- Blue **mandatory signs** prescribe certain behavior, e.g. wearing hearing protection.
- Red prohibition signs prohibit behavior that may cause a hazard, e.g. smoking.
- Yellow **warning signs** warn of a risk or danger, e.g. Forklifts
- Green **escape signs** indicate an escape route or emergency exits, the route to a first aid facility or the first aid facility itself.
- Red **fire safety signs** indicate the location of fire alarms and fire extinguishing equipment.
- **Hazard symbols** indicate a hazard characteristic of a hazardous substance, e.g. toxic. Only instructed persons or guided groups are allowed in areas with hazardous substances.

## Environmental protection and disposal

**Avoid any environmental pollution** caused by waste or operating and hazardous materials. Please contact the nearest employee or Port Security if you notice anything unusual.

Please use the garbage cans provided for household and non-industrial waste. Any **unannounced disposal of industrial waste will be prosecuted** and reported.

The introduction of hazardous substances into the port area requires prior **written notification to the Hazardous Substances Officer**
